2022 WAS A YEAR FOR LISTENING

LISTENING TO NATIONAL

This year, Executive Director Jolene attended both LEAD 1 and LEAD 2 sessions provided by Love INC National, and several of our board members were able to attend sessions as well. Love INC National offers this two-part training opportunity titled Leadership Education and Development Training (LEAD).

LISTENING TO CHURCHES

During this year of Listening, we met with several church leaders. Trinity Lutheran Church invited us to reaffirm our partnership with them on a Sunday morning. Love INC Board President Larry Ackerman and Executive Director Jolene Snow presented in their two worship services and were also joined by Love INC volunteers Grace Story and Anne Caravone. We hope to continue to connect with churches in 2023.

LISTENING TO CLASS PARTICIPANTS

In 2022, all the graduates of our classes committed to meet with a volunteer a few more times to continue working on their goals. The classes we offered in our Restoring Hope program were: Affirming Potential and Faith & Finances.

NEW THINGS IN 2022

NEW START IN A NEW COUNTRY

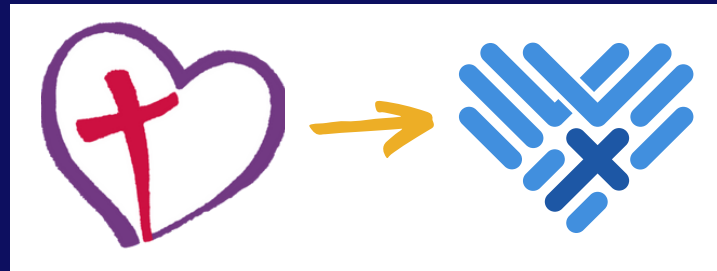

When "Paul and Anna" called us they had recently escaped violence in another country and were working on learning English. They had a new apartment, but nothing to go in it. "Paul and Anna" shared that they had emotional support from family, courage, faith and a relationship with our Lord. We were able to give them a hand up in Christ's name by supplying essential items for their new start, helping with everything from furniture to hygiene supplies through our Gap Ministries.

NEW LOOK, SAME GREAT MISSION

This year our logo received a refresh.

Over the years, the heart and cross has been iconic for Love INC. When Love INC National redesigned the logo, they honored that history while also including more information about what we do in the logo. The lattice design demonstrates how we are connectors. We bring those in need and churches together. We provide the scaffolding upon which transformation is possible.
